- ♦ Historic District

OPPORTUNITY ZONE

The Opportunity Zone program is a nationwide initiative administered by the U.S. Treasury and created under the 2017 Tax Cuts and Jobs Act. The program allows investors to receive federal tax incentives by investing their capital gains into select communities (Opportunity Zones) via special investment vehicle called Opportunity Funds. Investors may receive increasing discounts on any capital gains taxes due on that money. If an investment is left in the Opportunity Fund for 10 years, any new gains are free of capital gains taxes.

The program is designed to be flexible, allowing a range of different types of investments, and unlike other federal tax programs, there is no authorized cap on the amount of capital that could be made available through Opportunity Zone investments.
